| RHCRNAD | For the transmission of the General Message NAVADMIN/Controlling Authority: CNO WASHINGTON DC |
| RHCRNAV | For the transmission of the General Messages ALNAV, ALNAVSTA and NAVACT/Controlling Authority: CNO WASHINGTON DC |

* Collective routing indicators are delivered with "RUCR" as the first four characters. Collective routing indicators must be input with "RHCR" as the first four characters.

Appendix to ACP 117 CAN-US SUPP-1(O)

ROUTING INFORMATION FLOW

This Appendix contains routing information to depict the flow of National routing indicators. It is comprised of the following:

- a. US Gateway Delivery. Depicts the various National RIs in alphabetical listing, the RI of the US National Gateway Center (NGC) having delivery/relay responsibility, and the RI of the recipient gateway or transfer station.
- b. Canadian Gateway Delivery. Depicts the various National RIs in alphabetical listing, the RI of the Canadian ADDN node having delivery/relay responsibility, and the RI of the recipient gateway or transfer station.
